

# CHILDREN'S CHURCH

Each Children's Church volunteer is excited and willing to best care for your child. We have implemented the following measures:

- Social Distancing as functionally possible
- Hand Sanitizer available in the classroom
- Cleaner will be available to spray tables and chairs after each class
- Until further notice we will discontinue snacks/drinks. This decision may be revisited once the weather changes or sicknesses let up

Volunteers are encouraged to wear masks while serving, however, this is not mandated by the church
