

Grace Movers Information

Grace Movers is ministry of EastPointe Bible Church designed to bless members of our congregation. People we assist have indicated the help has been a tremendous blessing. If you would like to request assistance, please be aware of the following information:

- Please be aware that Grace Movers is NOT a professional moving team. We are volunteers who wish to be of assistance to the EBC family with local moves.
- Please understand that if your move involves an inordinately large amount of furniture, appliances and other belongings, we may not have the necessary manpower nor the expertise to handle such a move, and you may need to find professional movers.
- Note that almost all moves need to be accomplished on a Saturday morning when we are more likely to have ample volunteers.
- We need a lead time of three to four weeks to allow volunteer schedule planning.
- We get larger and more consistent turnouts when the volunteers are confident they will be done on Saturday morning or early Saturday afternoon at the latest.
- It is crucial for your small items to be boxed and ready to be loaded when we arrive on moving day. We will not have time to pack on moving day.
- If you do need packing help, it may be possible to get some assistance in the days prior to your scheduled moving day.
- It is likely that at least one person representing the ministry will meet with you to determine your expectations and needs, as well as to estimate the optimal number of volunteers needed.
- While not likely, it is possible that your move will be deemed too complex or too large for our volunteer group to handle.

Grace Movers Request Form

Name: _____ Primary contact phone # _____

Secondary contact phone # _____

Proposed date of move: _____ Proposed start time: _____ (8:00 a.m. is preferred)

Address moving from: _____

Address moving to: _____

List large items and appliances to be moved: _____

Are you renting a U-Haul or similar box truck vehicle? Yes or No

Or, will you be relying on volunteers' pick-up trucks, vans, wagons, etc? Yes or No

Please note that moves involving a relatively small amount of items can usually be accomplished without use of a large box truck. As the amount and size of the items increase, volunteers' vehicles become less adequate to get the job done. Sometimes, we have volunteers who bring a trailer for large items.

Will you rent or have available appliance dollies, two-wheel carts, etc.? Yes, No, N/A

Will you need furniture to be dis-assembled and re-assembled? Yes or No ** If Yes, please itemize what is involved: (Beds, for example) _____

Describe any stairs, narrow halls, tight turns or other potentially difficult obstacles at either end of the move, including large items needing to be moved through narrow or small openings: _____
